Livigno, the duty-free area southeast of St. Moritz is already known for many years for the excellent freeride area. Plenty of helicopter landings and a large variety of descents in all different expositions and steepness make it a fantastic place for heliskiing. Each new snowfall turns the magnificent mountain landscape in a true powder paradise. Thus, the alternative options like skiing off-piste in the ski resorts Mottolino and Carosello 3000 are not only a great backup option for bad weather days. Livigno is also a perfect spot for all those who are looking for a great combination of heli-skiing and off-piste skiing. After a fantastic skiing and snowboarding day, we'll enjoy the culinary side of Livigno.
